INDEX

A.

Page.

Abrasive wheel 62
Accurate weighing in the foundry 194
Acetylene, use for welding 38
Acid dip, bright slow acting 79
Ajax Metal Company, expansion of 22
Alloy for making valves 27
Alloy for blast furnace tuyere, composition of 43
Alloy, mixture for high tensile strength 132
Alloy, non-shrinkable pattern 114
Alloy, strongest copper 39
Alloys, two new nickel 54
Alloys of manganese and copper, researches on 73
Alloys for locomotive oil cups 107
Alloy, a new 147
Alloys, method of making 157
Alloys of aluminum with sodium and barium 180
Aluminum alloys and their uses, some 40
Aluminum, alloys of and sulphide, manufacture of 134
Aluminum bobbins in textile mills 176
Aluminum, black finish for 96
Aluminum bronze for rolling into sheet, casting of 3
Aluminum bronze bearings not satisfactory 90
Aluminum casting in metal molds 74
Aluminum castings for automobiles 75
Aluminum castings, prevention of shrinkage of 61
Aluminum, copper and cadmium, alloys of 199
Aluminum dross, recovery of 11
Aluminum, flux for soldering 41
Aluminum, electro-welding of 91
Aluminum goods, finish for 78
Aluminum, method of rolling thin 96
Aluminum, a new application of 108
Aluminum patterns 10
Aluminum, production in 1903 203
Aluminum scrap for rolling, casting of 163
Amber, molding of 128
American Brass Company 2, 22, 59
American Foundrymen, convention of 97
American silver plate in Great Britain 146
Annealing in steam 51
Annealing temperature for brass 52
Annealing, Bates-Peard process for 105
Anode hook 28
Anodes, rolled vs. cast 37
Anodes, sheet nickel 122
Antidote for cyanide poisoning 176
Antimony, quality of 20
Antiques in brass and copper, Russian 183
Ashes, brass furnace 34

B.

Babbitt metal, formula of cheapest 43
Babbitt metal, mixture for 168
Balls, machine for forming 80
Balls, machine for manufacture of from sheet metal 80
Beading sheet metal, machine for 44
Belt polishing machine, Patterson 131
Black nickel solution 205
Blistered gold 130
Boiling points of metals 110
Book Reviews 61, 151, 169
Bower-Barff finish, production of 150
Bracelets, rings, etc., apparatus for making 44
Brass alloy, best for sand castings 97
Brass articles, preventing coloring after plating 115
Brass, Benares 39
Brass castings, dip for removing dark color 43
Brass castings, getting a fine surface on .. 146
Brass casting in metal molds, making of .. 23
Brass castings, mold for 206
Brass castings, preventing of spotting after plating 78
Brass castings, resilient 78
Brass, chocolate finish on 150
Brass, etching on 114
Brass, effect of antimony in 114
Brass, for wood-screws 53
Brass furnace, Orbison oscillating 58
Brass furnace, Rockwell 24
Brass goods, production of brown finish .. 96
Brass ingot 67
Brass ingot, new process for making 75
Brass manufacturers' meeting 11
Brass mill organization 22
Brass plating, arsenic in solution for 96
Brass plating solutions, their use and abuse 55
Brass scrap, best method of using 97
Brass screw rod chips, leaded 53
Brass, solution for blackening 96
Brass, solution for stripping silver from .. 114
Brass, stain after lacquering 132
Brass rod casting machine, new 89

Page.

Brass rolling mills, condition of industry .. 1
Brass rolls, Webster method of grinding .. 109
Brass tubing, bending of 115
Brass wire, production of gold color on ... 151
Brass work, prevention of tarnishing 60
Brass and copper tube company, new 59
Brazing cast iron 80, 140
Brazing furnace, hydrocarbon 180
Brazing metal 163
Brazing metal, composition of 168
Brazing process, "Pich" 126
Brick-work of furnaces, joint for 134
Bridgeport grinder 185
Bridgeport fastener, new 149
Britannia metal, casting in plaster molds .. 127
Britannia metal, formula for No. 1 150
Britannia metal plating 132
Britannia metal, prevention of pinholes in. 168
British patent-law, changes in 206
Bronze chips, separation from babbitt 132
Bronze castings for embossing dies, making of 107
Bronze contracts 163
Bronze dies, increasing use of 75
Bronze doors 161
Bronze guns 85
Bronze guns in Austria 54
Bronze for art or ornamental work 9
Bronze, Japanese 41
Bronze, melting in a cupola 74
Bronze standard 161
Bronze statue, decay of 21
Bronze tablet, casting of large 179
Bronze tablets, method for coloring dark. 78
Bronze trolley wheel bushings 79
Buffing waste, burning of 110
Burnishing nickel plate, note on 10
Burnishing machine, a large 146

C.

Cadmium in spelter 139
Cadmium-silver alloys for plating 112
Canada's new rolling mill 187
Cartridge shells, new method of making .. 125
Carborundum at St. Louis 97
Cartridge brass, abnormal structure of 38
Casting, largest ever produced 72
Casting metals in vacuum, apparatus for ... 80
Casting Britannia metal in metal molds ... 127
Castings for plating, pickling of 8
Casting at night 38
Casting of copper and brass 182
Casting, process of 44
Castings, spotting of after dipping 27
Casting temperature, importance of 105
Casting machine for brass rods 89
Cast iron posts, plating of 150
Cast iron, new and cheap finish for 88
Cast brass, pickle for 168
Cast iron, brazing of 88
Cathode copper 68
Caustic potash vs. caustic soda 8
Chain industry of Germany 167
Chinese Mint, rolling mill for the 167
Chromium, simple method of making 128
Clock industry, prosperity of 58
Close plating and its method of manufacture 35
Combination hoist 185
Composition metal 40
Compound explosive, containing aluminum. 152
Condenser tubes, corrosion of 9
Condenser tube lawsuit 131
Condenser tubing, displacement of brass by nickel steel 17
Conductivity bridge, Hoopes 24
Constantin, a new nickel alloy 21
Copper-bronze 111
Copper castings, making of pure 20
Copper and brass, new process of casting. 182
Copper castings, prevention of cracking .. 78
Copper plating solution, making up of 114
Copper, deposition of on lace 168
Copper scale, use of 38
Copper alloy, the strongest 39
Copper coloring, solution for blue color .. 78
Copper, rapid electro-deposition of 112
Copper, refining stages of 69
Copper and its alloys, foundry practice with 87
Copper with iron, alloying 88
Copper, ingot 103
Copper wire, properties of 106
Copper, effect of impurities on 108
Copper production in 1903 199
Copper wire, hard drawn 126
Copper, new method of sampling 144
Copper and typhoid bacilli 183
Cores, apparatus for making 12
Crucibles, sizes of 18, 115, 133
Crucibles, market for old 20

Page.

Crucible, siloxicon 75
Crucibles, does it pay to grind up old 86
Crucible furnace 28
Crucible works, new 186
Crucible furnace in Germany 141
Cutlery, method of making 28
Cyanide poisoning 18, 43
Cyanide vs. chloride in silver bath 50
Cyanide poisoning, antidote for 182

D.

Damascus Bronze Company 59
De-tinning, new process for 53
Detroit Copper and Brass Rolling Mills .. 42
Dials, silvering steam gauge 26
Diamond draw plates, process of making .. 62
Dick, George Alexander, obituary notice of 6
Drying in the hot sand bath 178
Dynamos for Electro-plating 165

E.

East and West 1
Edison's process for nickel plating 130
Electric Smelting and Aluminum Company 187
Electro-plate, local thickening 111
Electro-plating machines, new 201
Electro-deposition of copper, rapid 112
Elmores German and Austro-Hungarian Metal Company 57
Emery wheels, process for disintegrating .. 28
Emery wheels 68
Emery wheels, tool for dressing 62
Enamelled ware, dangers of 34
Enameling steelware, process for 188
Enameled ware, manufacture of 116
Engraving machine 12
Eyelet coating machine 185
Eyelet machine 188
Expanding and flanging tubes by machinery 197
Exhibits, metallurgical at St. Louis 199

F.

Fastener, new Bridgeport 149
Finish, imitation gun metal 10
Finish, light and dark verde on chandeliers 151
Fire brick, the selection of a proper 50
Flask, molder's 62
Flatware, improvement in plated table 76
Flux for uniting steel and copper 39
Foundrymen at St. Louis, meeting 11
Foundrymen, New England Association of 26
Foundrymen's Convention 115
French Gray Finish, the increasing popularity of the 158
French Gray Finish, an inexpensive 7
Furnace, Porteous portable tilting 162
Furnace, electric 170
Furnace, electric 206
Furnace, electric 80
Furnace, melting 80
Furnace, metallurgical 116

G.

Galvanizing small articles 113
Galvanizing, a new process for 123
German silver, plating of 132
German silver castings 11
German silver casting, method of making. 114
German electrical industries 184
German silver, substitute for 74
German silver industry, British, threatened 140
German soldering iron, new 10
German silver, brazing solder for 54
Globe valves, mixture for 61
Gold, impurities in 113
Gold dip solution 115
Gold jewelry, fineness of 33
Gold and silver sweeps, treating 72
Gold, Wohlwill process for refining 72
Gold nuggets, artificial 56
Gold-Nickel alloy, plating watch cases with 94
Gold, 14 kt. on watch cases, solution for plating 204
Gun metal 140
Gun metal on watch cases, electroplating solution for 204
Gun metal finish, imitation 10
Grinding brass rolls, Webster method for. 109
Grinding or polishing metals, apparatus for 62

H.

Hall marking of plate goods imported into England 203
Hendricks, Henry H., obituary notice of .. 115
Hollow metal articles, method of making. 80
Hollow ware, nickelplating of 204
Hollow metal ware, die for making 28

I.

Iron, method of combining with brass 96
Iridescent colors, production of on metallic articles 204

Zinc eyelets, stamping of..... 150

THE METAL INDUSTRY FILES.

Complete files of THE METAL INDUSTRY are valuable reading matter for your metallurgical library. Carefully read this index and see for yourself. Please note the important information that has been printed in 1904. Information of particular interest was also published in 1903.

We have a stock of files of Vol. II. and a few files of Vol. I. Write for prices.

Among the leading articles published in Vol. I. were: "Spilly Brass: Its Cause and Its Remedy," "Casting Brass in Metal Molds for Rolling or Drawing," "The Use ofthe Skim Gate," "Aluminum Brass," "The Annealing of Brass," "Tobin Bronze," "The French Gray Finish," "New Process of Rolling Copper, Yellow Metal and Naval Brass," "The Use of Shrink Balls on Patterns," "Kayserzinn," "Directions for Casting Manganese Bronze," "The History of Babbitt Metal," "Metal Spinning," "The Use of Salt in Melting Brass," "Casting Sterling Silver in Sand," "Electrolytic Lead Refining," "Brass Melting Furnaces." To get a complete list of the articles published in 1903 send for index of Vol. I.

$1.00 per Year to any Part of the World

THE METAL INDUSTRY

Published Monthly 61 Beekman Street, New York

ALUMINUM
NICKEL
SILVER
GOLD
BRONZE

Devoted exclusively to all of the Non-Ferrous Metals and Alloys since January 1903. The first Journal in the world to be published in the interest of the Non-Ferrous Metals.

With "The Metal Industry" are incorporated "The Brass Founder and Finisher and Electro-Platers' Review" and "The Aluminum World and Brass and Copper Industries."

BRASS
COPPER
TIN
LEAD
ZINC

THE METAL INDUSTRY BOOKS

Mixed Metals, Arthur H. Hiorns	$1.50
The Metal Industry for one year and a copy of Mixed Metals	2.00
Metallic Alloys, William T. Brannt	4.50
The Metal Industry for one year and a copy of Metallic Alloys	5.00
Brass Founders' Alloys, John F. Buchanan.	2.00
The Metal Industry for one year and a copy of Brass Founders' Alloys	2.50
First Lessons in Metal Working, Alfred G. Compton	1.50
The Metal Industry for one year and a copy of First Lessons in Metal Working	2.00
Electro Plater's Handbook, G. Bonney	1.20
The Metal Industry for one year and a copy of Electro Plater's Handbook	2.00
Aluminum, Joseph W. Richards	6.00
The Metal Industry for one year and a copy of Aluminum	6.50
Aluminum, Alfred E. Hunt	1.50
The Metal Industry for one year and a copy of Aluminum	2.00
Molders' Text Book, Thos. D. West	2.50
The Metal Industry for one year and a copy of Molders' Text Book	3.00
Alloys, Brasses and Bronzes, Prof. R. H. Thurston	2.50
The Metal Industry for one year and a copy of Alloys, Brasses and Bronzes	$3.00
Treatise on Wire and Its Manufacture, J. Bucknall Smith	3.00
The Metal Industry for one year and a copy of Wire and Its Manufacture	3.50
American Foundry Practice, Thos. D. West.	2.50
The Metal Industry for one year and a copy of American Foundry Practice	3.00
The Art of Electro-Metallurgy, G. Gore	2.00
The Metal Industry for one year and a copy of Electro-Metallurgy	2.50
Electro-Plating, J. W. Urquhart	2.00
The Metal Industry for one year and a copy of Electro-Plating	2.50
Polishing and Plating of Metals, Herbert J. Hawkins	2.00
The Metal Industry for one year and a copy of Polishing and Plating	2.50
The Press Working of Metals, Oberlin Smith	3.00
The Metal Industry for one year and a copy of The Press Working of Metals	3.50
Metal Coloring and Bronzing, Hiorns	1.00
The Metal Industry for one year and a copy of Metal Coloring	1.50

Books on any Metallurgical subject sent prepaid to any address in the world upon receipt of price.
